2019 High School Graduation Requirements

Grade 10 compulsory courses:
• Math
• History
• Science
• Arts (Art, Drama, Music)

Grade 11 compulsory courses
• Physical Education/Ethics
• English
• French

54 credits total; at least 20 from Grade 11
Tutoring

Don't wait until the end of the year to get help if your son or daughter is struggling.

Speak to your students teachers or the guidance counsellor about getting in touch with a private tutor. We also have peer tutoring.

Colleges will be looking at the Secondary 4 "Releve de notes" and marks from the first 2 terms of Secondary 5 when making their admission decisions.
Missing Credits or prerequisites?

Summer school & academic upgrading:

• Lester B. Pearson School Board
  Youth sector or Adult Education

• CEGEP Summer programs/continuing education programs

Distance Education:

• www.distanted.ca
• www.distanceeducation-etsb.com
So many possibilities...
Taking the Next Step...

• Help them choose a path they will ENJOY.

• Encourage them to apply to a program they are QUALIFIED to get into.

• Remember that this is the BEGINNING of their journey...help them take the time they need to get where they want to go.
New service on Fusion portal coming in December!

Activate your child’s Xello account by logging in to FUSION and under *My Account*, click YES to give consent for each of your children attending a LBPSB high school.

ELECTRICIAN

Electricians install and fix electrical systems in new homes, offices, and factories. Some maintain the machines and electrical systems in buildings.

JOB DESCRIPTION

Many parts of our lives depend on electricity. Without it, our lights, computers, and TVs just won't work. Electricians install and fix these electrical systems so that we are never left in the dark.

Electricians install the electrical systems in all kinds of places. They may also help design and lay out these systems in new structures. Most people in this field work in construction. They put in and fix the systems in new homes and buildings. In the industrial sector, they take care of the machines and systems in factories.

In construction, electricians are in charge of wiring new buildings. They follow blueprints and building codes to make sure they use the right wires. They run wires from control panels all over the building. They also put in the light switches and outlets.

INDUSTRIAL ELECTRONICS

Vanier College

Instrumentation and Automation Program graduates will enjoy an engaging future in one, or many, of the industries that employ electronic controls to bring about efficiency and reliability. Students learn to install, calibrate, maintain and program computerized equipment and instrumentation used in automation, telemetry, and robotics in the modern electronic and manufacturing sectors. This program prepares graduates to be professional and productive problem-solver, and to work within the structure of modern industry. Each course provides a combination of practical experience and theoretical knowledge. Lab activities more students from the novice to an advanced understanding of integrated computerized control systems.

Algonquin College
St. Lawrence College
Applying to an Ontario College

ontarioccolleges.ca
APPLY TODAY. CHANGE TOMORROW.

- $95 fee
- 5 program Choices
- Apply before Feb 1st
APPLY NOW

Already have an account? Log in.

The application for programs starting August 2019 - July 2020 is available now!
### Manage Program Choices

#### Step 1: Add program choices

You may add up to 5 programs with no more than 3 programs at any one college. List your programs in order of preference. Colleges use this information for statistical purposes.

There is no additional charge to add or remove programs within the same application cycle (August to July). Any changes you make to your program choices will be transmitted to the college within 1 to 2 business days.

Not sure which program to apply to? [Search for programs at ontariocolleges.ca](http://ontariocolleges.ca) (opens in new window).

#### Step 2: Rank your program choices

Use the Move Up or Move Down arrows to change the order of your program choices. Use the Edit link to change the years you previously applied to or attended the college (if applicable). Use the Delete link to remove a program choice.

If a college closes a program you've added before you've paid your application fee, the program will be removed from your application automatically. A message will appear in the Applicant Dashboard screen notifying you that the program was removed.
